Ricardo Urias – wants to share a word, believe it's going to help minister to several people that might be in some similar situation (hear Ricardo on video at 31:39) - what the Father said to him: **Don't let your work take precedent of your life and your time on this earth.** That shook him. He was always putting work in front of everything. Get so busy. Hardly see anybody. Realizing our life on this earth is really short. We can't take these things for granted – like life that our Father God gives us. We need to cherish each moment. I don't want my life to be so into my job that I don't see anything else around me. Prayed to God help me figure a way to change that.

If you're going through something right now, something heavy, like what's in my life right now, don't turn your fist against God in anger when you don't even understand what God is doing in your life. So whatever situation you may be going through, just ask Him and He'll give you understanding. For the ways of the Lord are not our ways, so we need to ask for understanding. As we go through situations...know that He is doing a great work in us. Hold onto your hope and keep your faith strong for we serve a merciful, faithful, and loving God.

Micah teaching on God's Law and choice

Everything He's created has choice. Even the Elohim's, the angels, every spirit has choice. Demons have choice. We have choices. And we are empowered in our choice through the name of Jesus Christ...which there's no other name in heaven or earth any greater than that. With that name there is authority over anything in the universe.

And so as I learn His word and stand in His word...it is written...and that's His law. And that law of His overcomes all of the universe. It moves mountains, Jesus said. So with this word, with this word, we just simply say, "it is written". And what you believe is what you get. That's your faith. Your basis of faith is what you believe even about yourself.

But this too, to see that our Adamic family, our natural family is in trouble because of their sin. I can't repent for anybody. But I can tell them, hey, there's a way out of this. That you're in something here because of the laws of God. It's not that God doesn't love you...because God has written down what He wants and He says, if you'll follow this and follow Me, I'll get you out of this.

But I've sought to get hold of His ways and His laws and live by them. And I'm telling you the biggest one of all is forgiveness. If you forgive, you will be forgiven, I promise you that. There is nothing that anybody has done to anybody that you can't forgive.

If you understand that it's not God coming and hammering you, but God saying, you broke my law and the enemy now has a choice to do what he wants to do. We are the special creation of God and Satan wanted what we have, and he can't get it because of God's law. And he's going to do everything he can to keep us from getting it. When getting hammered by the enemy, first thing to do is "what have I done"? If can't find anything, say is this witchcraft?

There's no way to walk in love...there's no way to walk this walk without having an open heart. And when you walk with an open, tender heart and give that and love people and open your heart to them, some of them are going to hurt you.

Whatever the problem, the Lord has made a way for us to be free, for us to be healed and for us to be delivered and to become perfected in His eyes on the earth, now.

God's law is unbendable. Shall be forever. It's the spirit of the law that he writes upon my heart and I don't even have to think about it anymore. I become that which Jesus is. And we know we shall be like Him, for we shall see Him as He is. That's the word.

Do you understand what we're trying to do here is that we blamed God for these things when He has set up the universe as it is. And when we break the laws, we get hurt and we can't blame Him...because He's given us His word. He's given us the Holy Spirit to lead and guide us and if we'll listen, He'll keep us from getting hurt...being led of the Holy Spirit. So to be led of the Spirit of God which fulfills all the law. The Holy Spirit will not lead me to break the law. My quest is to do everything I can to be able to hear God, to know His ways.

This helps me to see the Father as pure love. He's pure love. He's a loving Father. He's love. He's totally, completely love. God is love. He is Love. He is love. The kind that I don't fully yet comprehend. And that's the only way we want to see You, Father.

Micah praying:

Father grant us to see You as You are Lord. Grant us to understand that You're love. Grant us to understand what we're dealing with here Lord. Make us Lord hunger and thirst for Your word. Bless us Lord with that hunger and thirst. Bless us with Your counsel and wisdom, Father, in Jesus' name, about our natural families, Lord. We have a love for them, Father. But I cannot love my natural family like I can the spiritual family. And let us see that Father that we are in another family now.

And I praise You Father and thank You to see You Father, not through the eyes of other writers, not through anyone's eyes, but through the Holy Spirit that's come into us Lord. That we walk out of here today and I bless everyone with a clearer, cleaner, more complete vision and understanding of who the Father is. That we can know You Father, like Jesus did and we can walk in the Spirit.

Micah: now let me pray for you: In the name of Jesus, I bind every strongman and I rebuke everything that's being done in any person in the sound of my voice to keep them from hearing the voice, the leadership, the counsel, the direction of our Father. I rebuke you spirits of spiritual deafness, of blindness that cannot see the ways of the Lord. I rebuke you that have hindered the understanding of our hearts that you go and leave us, in Jesus' name. I rebuke every blocking spirit that would hinder or block the flow of the Holy Spirit into our understanding, into our heart, into our belly, into every part of our being that we can walk in the spirit and follow the leadership of the Holy Spirit to be led of the Spirit. I rebuke you demons, now go in Jesus' name. Dumb and deaf spirits, blind spirits get out of our eyes. Get out. Get out of us, in Jesus' name...that we can hear the voice of the Lord. And find our answers and find the place of where our needs are met as we walk in the spirit, in Jesus' name.

And Lord, I thank You to grant that to everyone in the sound of my voice. That you are the resource. You are the source. You are the ultimate place we go to, O Lord God. And that's what makes You our God and our Lord. And I praise You and thank You for that Father, today, in Jesus' name. Amen
